Mr Ahmed
Hiring Manager
Softech Ltd
Gulistan-e-Johar,
Karachi, 7521

Dear Sir,

I am writing this letter to express my interest in the Machine Learning Engineer opening on your Softech website. I am confident that my experience and skillset would be a great match for this position. I have worked as a Machine Learning Engineer for 4 years which has helped me acquire professional hands on experience of developing, deploying, and leading multiple projects. I have strong knowledge of reporting and interacting with a multi-disciplined team. I believe I can leverage my skill set to provide a meaningful contribution to your company.

I have worked at Systems Ltd for two years, where I helped in building enterprise solutions by deploying Machine Learning models to give meaning to the data. I have also been freelancing for two years where I have worked with national as well as international clients. Currently, I'm exploring the fields of Data Science and Deep Learning, to design and devise solutions having a much larger impact. I have attached my Resume with the letter for further details.

I appreciate your time in looking through my application. I would appreciate the chance to work with highly knowledgeable mentors under your organization to expand my expertise further in any opportunity available. Please feel free to reach out to me at samank0722@gmail.com for further information. Thank you for your consideration.

Sincerely,
Saman Khan
